

W&M - Your Committee, having under consideration the provision of architectural and engineering services required to complete a Facility Improvement Assessment for the Administrative Offices of the Fridley Water Softening Plant, now recommends that the proper City officers be authorized to execute Amendment No. 1 to Contract No. C-36626 with Miller Dunwiddie Architecture, increasing the amount by \$16,000 for a total contract amount of \$82,885, to provide funds for additional services to address issues and bring portions of the building up to meet current code and Americans with Disabilities Act (ADA) standards. The construction contingency, contained in the original project budget, is adequate to fund said contract amendment.

Certified as an official action of the City Council:
